

## **SPS Commerce Named an Inbound Logistics Top 100 Logistics IT Provider for 2011**

### **On-Demand Intelligence Service Delivers Online Access to E-Commerce and Store-Level Sales Data From 120+ Retailers for Improved Item Management and Forecasting**

MINNEAPOLIS, April 20, 2011 (GLOBE NEWSWIRE) -- [SPS Commerce](#) (Nasdaq:SPSC), a leading provider of on-demand supply chain management solutions, today announced that it has been named an *Inbound Logistics* Top 100 Logistics IT Provider for 2011. Every April, *Inbound Logistics* editors recognize 100 logistics IT companies that support and enable logistics excellence. Drawn from a pool of more than 300 companies, using questionnaires, personal interviews, and other research, *Inbound Logistics* selects the Top 100 Logistics IT Providers who are leading the way in 2011.

"SPS Commerce is honored to be recognized by *Inbound Logistics* for this award," said Archie Black, president and CEO of SPS Commerce. "3PLs and carriers have an important role in the retail supply chain and many have elected to use SPS supply chain services to reduce supply chain complexities, bring more value to their customers and increase their competitive advantage. We are pleased to be recognized for the value our solutions deliver to logistics providers for the second year in a row."

SPS Commerce offers a variety of hosted supply chain solutions including Trading Partner Intelligence and Carrier Portal Service for third-party logistics providers (3PLs), warehouses and transportation companies. Once SPS Commerce integrates its SPSCcommerce.net service to a 3PL or carrier on behalf of a joint customer, the logistics provider can leverage the single integration to help any shared customers connect with more than 1,500 retailers, grocers and distributors. In addition, 3PLs and carriers can join SPS' partner community for new opportunities to further grow their business.

"During the past three years, many enterprises made the strategic shift to better rationalize inventory with demand," said Felecia Stratton, editor of *Inbound Logistics*. "SPS Commerce consistently provides the kinds of technology solutions *Inbound Logistics* readers need to achieve the visibility and control that makes that business logistics paradigm shift work. As shippers, carriers, and 3PLs increase their use of logistics IT, SPS Commerce continues to be flexible and responsive, anticipating customers' evolving needs. SPS Commerce deserves recognition for providing the innovative solutions empowering logistics and supply chain excellence in 2011."
