eBizNET Solutions and SPS Commerce Partner to Provide an Integrated Platform for Supply Chain Solutions

Cloud-Based Offering Selected by Retail and E-Commerce Customers to Automate Order Fulfillment and Trading Partner Collaboration

PITTSBURGH and MINNEAPOLIS, May 14, 2012 (GLOBE NEWSWIRE) -- eBizNET Solutions, a leading provider of SaaS based end-to-end supply chain execution solutions and SPS Commerce (Nasdaq:SPSC), a leading provider of on-demand supply chain management solutions, today announced a partnership that delivers cloud-based integrated supply chain solutions that address the supply chain fulfillment needs of the retail, e-commerce, wholesale distribution and manufacturing companies. The integrated solution has been selected by retail and e-commerce vendors to provide robust supply chain execution that is prewired to SPS' services enabled trading partner collaboration using connections to more than 1,500 retailers, grocers and distributors.

"This partnership is an endeavor between SPS and eBizNET to redefine the concept of a networked supply chain," said Abhay Edlabadkar, CEO of eBizNET. "The eBizNET platform provides end to end supply chain execution capabilities and includes best of breed functionality for warehousing & distribution, transportation, reverse logistics and container terminal management across various industry verticals. We believe our strategic partnership with SPS Commerce is indeed unique and it expands our platform capabilities to include a complete framework for integration that addresses the business needs of the extended supply chain involving manufacturers, suppliers, tier 2/3 vendors, shippers, carriers, agents, distributors and customers. We are excited that this networked platform on the cloud offers organizations with a composite yet viable solution to seamlessly integrate various parts of their supply chains globally in a cost effective manner that is secure and real-time."

"SPS Commerce is pleased to team with eBizNET to provide an integrated, SaaS solution for the supply chain," said Archie Black, CEO of SPS Commerce. "Our combined solutions add value to e-commerce and traditional suppliers alike as they automate to meet the challenges of today's global, fast-paced economy. Together we are joining proven supply chain execution with robust B2B integration and intelligence to help vendors streamline operations, improve trading partner collaboration and comply with e-commerce requirements using the cloud."

About eBizNET Solutions:

eBizNET Solutions is a leading provider of SaaS Supply Chain Execution Solutions and has its presence in North America, Europe, Mid-east Asia and APAC. With a proven footprint across Retail, 3PL, Automotives, Pharma, Food & Beverages and High Technology, the company offers an array of unique solutions as part of its robust and integrated eBizNET Supply Chain Suite in a SaaS or On-Demand environment for supply chain communities, supporting all the trading partners in the ecosystem.
