

## **SPS Commerce Launches Webinar Series for Suppliers, Mastering the New Supply Chain: Keys to E-Commerce Fulfillment Success**

### **Supply Chain Expert, Jim Frome, Shares How Vendors Can Expand Their Partnerships With E-Commerce Retailers to Grow Their Business**

MINNEAPOLIS, May 10, 2011 (GLOBE NEWSWIRE) -- [SPS Commerce](http://www.spscommerce.com) (Nasdaq:SPSC), a leading provider of on-demand supply chain management solutions, today unveiled an educational series of webcasts to provide suppliers with an inside look at how to improve their e-commerce fulfillment processes. Offered online, these 30-minute, complimentary webinars deliver a practical mix of strategies, tactics and case studies, plus Q&A with retail supply chain industry experts.

During the initial webinar of the series, attendees will learn:

- How to drive business growth for their organization and retail trading partners through e-commerce (direct-to-consumer) fulfillment models
- How to promote drop-ship and other e-commerce capabilities to retailers
- What traditional retailers and e-tailers expect from drop-ship vendors
- Best practices in e-commerce fulfillment, including how to increase order and inventory visibility

As Chief Strategy Officer at SPS Commerce, presenter Jim Frome has become a trusted supply chain advisor, having expanded and secured the company's leadership position in Web-based EDI. Mr. Frome has been named a "Pro to Know" by *Supply & Demand Chain Executive*, written numerous whitepapers, including Trading Partner Integration Centers — The SaaS Model for EDI, and is a frequent speaker at customer and industry events.

The first webinar in the *Keys to E-Commerce Fulfillment Success* series takes place on May 19, 2011, at 1:00pm Central. Registration is available at <http://www.spscommerce.com/e-commerce-webinar-series.html>.

#### **About SPS Commerce**

SPS Commerce is a leading provider of on-demand supply chain management solutions, providing integration, collaboration, connectivity, visibility and data analytics to thousands of customers worldwide. We deliver our solutions over the Internet using a Software-as-a-Service model to improve the way suppliers, retailers, distributors and other customers manage and fulfill orders. Our SPSCcommerce.net platform features pre-built integrations used by current and new customers alike, spanning 3,000 order management models across 1,500 retailers, grocers and distributors, as well as integrations to over 100 accounting, warehouse management, enterprise resource planning, and packing and shipping applications. More than 38,000 customers across more than 40 countries have used SPSCcommerce.net, making it one of the largest trading partner integration centers. SPS Commerce has 41 consecutive quarters of increased revenues and is headquartered in Minneapolis.
