SPS Commerce Named to 2013 Supply & Demand Chain Executive 100

Award recognizes industry leaders who help their customers achieve supply chain excellence

Minneapolis, May 28, 2013 - SPS Commerce, Inc. (Nasdaq: SPSC), a leader in enterprise retail cloud services, today announced that it has been named to the 2013 Supply & Demand Chain Executive 100 for the eighth consecutive year. This year, the honored solution providers were selected based on their ability to assist supply chain executives to attain excellence within their supply chain.

The organizations recognized on the 2013 Supply & Demand Chain Executive 100 are supply chain solution and service providers that help their customers and clients achieve significant results within their supply chain. These companies have produced measurable gains in ROI through cost-cutting, and increased efficiency, whether in warehouse, transportation, procurement sourcing or any other category in the end-to-end supply chain. The submissions were evaluated by the magazine's editorial staff primarily based on: ambitiousness/scope of the project (30 percent); creative application of technologies/solutions/services used (20 percent); extent of the business results/impact (40 percent); and clarity of submission (10 percent).

The complete listing of the 2013 Supply & Demand Chain Executive 100 award winners is available at www.SDCExec.com. Additional coverage of the SDCE100 will appear in the June 2013 issue of the *Supply & Demand Chain Executive* magazine.

About Supply & Demand Chain Executive

Supply & Demand Chain Executive is the executive's user manual for successful supply and demand chain transformation, utilizing hard-hitting analysis, viewpoints and unbiased case studies to steer executives and supply chain management professionals through the complicated, yet critical, world of supply chain and demand chain enablement to gain competitive advantage.
