

SPS Commerce Receives Best of Software-as-a-Service Showplace Award

Largest Trading Partner Integration Center Recognized for Providing Measurable Results to its Retail Customers

Minneapolis, Minn., March 2, 2009 – SPS Commerce, the leading Software-as-a-Service (SaaS) trading partner integration center provider, today announced it has been awarded the Best of Software-as-a-Service Showplace (BoSS) Award from THINKstrategies, Inc., the leading strategic consulting company focused on the business implications of the on-demand services market. The BoSS Award honors SaaS companies that provide solutions that result in measurable results to its customers.

With more than 10,000 customers including retailers, suppliers, 3PLs, and others in the retail ecosystem, SPS Commerce's supply chain and fulfillment solutions extend savings and efficiencies by integrating trading partners electronically. Using a SaaS model and its multi-tenant architecture, SPS Commerce's services streamline supply chains, reduce inventories, and improve global fulfillment operations by sharing its 2,700 integrations with more than 1,300 retailers, knowledgeable staff, and SaaS technology for improved reliability and a lower total cost of ownership.

"SaaS is perfectly architected to permit more effective inter-enterprise communications and collaboration in supply-chain environments," stated Jeffrey M. Kaplan, the founder of the SaaS Showplace and Managing Director of THINKstrategies, the strategic consulting firm which conceived and administers the Showplace. "SPS Commerce's solution clearly demonstrates how better supply-chain management can increase revenue opportunities and reduce costs while creating a competitive advantage."

"SPS Commerce is honored to receive the Best of SaaS Showcase Award," stated Archie Black, President and CEO of SPS Commerce. "We strive to deliver SaaS solutions that improve our customers' supply chains by integrating them with an expanding number of trading partners. Our SaaS delivery model enables thousands of retailers, suppliers, 3PLs and others to integrate with new trading partners with ease as their business grows. We are pleased to join other SaaS companies who are likeminded in providing solutions that deliver measurable results to their customers."

About the Best of SaaS Showplace (BoSS) Awards

The BoSS Award program is an ongoing initiative to identify and promote SaaS, and 'cloud computing', companies which are offering on-demand solutions which are generating measurable business benefits for their customers.

BoSS awards nominations are not only accepted on an ongoing basis, but more than one winner can be awarded in each SaaS Showplace Application, Industry and Enabling Technology Supplier category.

BoSS award winners are given special designation on the SaaS Showplace, with a summary of their award-winning solution(s) and customer success story. Award winners are also recognized in the SaaS Showplace newsletter, and are able to promote their award designation on their website and in pre-approved company material.
